

02/09/19

Dear Parents/ Guardians,

Thank you for allowing your child to attend the Forest School Programme, we would like to take this opportunity to let you know you that our Forest School project is very active on social media. If you have signed the internet media part on the photograph permission section of your child's consent form, you will be able to follow their journey on Facebook or Twitter.

The Community Environmental Trust welcomes you to visit and like our Facebook page on [www.facebook.com/CETBrum](http://www.facebook.com/CETBrum) where you can click your child's school; there will be a new session each week during your child's Forest School programme. Additionally, you can also follow us on twitter @CETBrum. It is a great way to keep up with the latest news about the work of our projects.

We hope you enjoy taking a closer look at what we do at Forest Schools and understand why sometimes your child comes back muddy!

Regards,

***Alicia Grande Cristobal***
