Head Teacher: Ms G Moore

Our New Parent Ambassador

Lorraine McNally has volunteered to take on the role of Parent Ambassador for Yardley Primary School. She will be available to support families in our school community by: providing a link between parents and the school; providing information about what services/groups are available in the local area; helping to fill in forms and welcoming new parents to our school community. Lorraine is looking at organising events and activities throughout the year. She will be a friendly face to talk to if you need any advice or support.

Lorraine has put together a brief survey to help understand what parents would find useful.

Please return this survey to the main school office as soon as possible. Both school and Lorraine look forward to supporting you in the future.

- Would you be interested in attending a coffee morning when you could meet and talk to the Parent Ambassador?

- Would you or a family member like the opportunity to learn a new skill for example flower arranging, cake decorating or a new sport etc.?

- Would you like help filling in forms, for example DLA, school forms, school applications etc?

- Would you be interested in learning first aid?

- Would you like advice or support with challenging behaviour at home?

- If YES would you like the support to be one to one or in a group?
 - Please tick one to one ___ group___
 -

- Would you like some support with how you can help your child with learning at home?

- Is there any other support would you like from the Parent Ambassador?
