Head Teacher: Ms G Moore

4th February 2019

Dear parent/guardian

I am happy to inform you that we are now able to go ahead with the planned development of an all-weather, 3G (artificial grass) sports field. This will help school continue to fulfill the National Curriculum for P.E. and sports. This will provide the school with a much-needed space that can be used in any weather and not just for P.E. and sports, but also for lunchtimes, playtimes, after school clubs and other outdoor learning opportunities.

This is the last stage of the major building works that were planned as part of the school expansion to a four-form entry school.

We have been informed by the contractors that this work will commence on Wednesday 6th February 2019, and will take approximately 7 weeks (weather permitting).

Throughout the work, the current field, MUGA and a small part of the playground will be cordoned off. Please be extra vigilant during this time and ensure that your children remain safe in the playground and school grounds both before and after school, by keeping them well away from the fences and fenced areas.

Yours sincerely

Ms G Moore
Headteacher
