Dear parent/guardian

Alfrey Activity Centre

As the date for the residential trip gets closer. I thought it would be a good time to send out a kit list so you can start putting things together.

Your child will need a suitably sized bag that they can carry themselves as it will need to be moved from the coach across a field into the building. A small holdall/rucksack is recommended.

A parent meeting will be arranged closer to the date for an update, but feel free to find me at the year 1 door at the end of school should you have any questions.

Yours sincerely

Mr I Jones  
Trip Leader
